

Essential Worksheet Part 2 of 4

January 23, 2022

Our lives tell the story of what we deem essential to live into the life that God intends for us. The story of who we are is shaped by the choices we make and the priorities we set. Sometimes this happens as life comes to us, without much thought or intention and that is ok. Covid, however, has provided a different space in our lives. As a result, we are inviting you to reflect on what you value and how those values influence your essentials for a life that is really a life.

What are the threads or images or pieces that paint the picture of the story of your life? _____

The pandemic has shifted our patterns of living. Has this different time in our world, afforded you insight into the space your essentials occupy in your life?

If we were to take a snapshot of your life, a chapter of your story, would it be clear from the outside looking in, what you deem essential to your life of faith?
