## I've almost forgotten.

I've almost forgotten what Easter Sunday is like. Have you? The past two years, we've celebrated Easter at home and worshipped online.

I've almost forgotten  
the smell of lilies filling the room,  
children in new outfits with chocolate smudges at the corner of their mouths,  
the way my heart beats faster with the intro of Christ the Lord has Risen Today,  
seersucker suits and white bucks,  
bonnets and white sweaters,  
families lining up at the photo booth,  
hand stitched banners,  
Handel's ancient notes coming to life again,  
the electric excitement of people mingling a little longer than usual even if they are late for brunch,  
the assurance that nothing can separate us from the love of God, not even death.

I've almost forgotten, but not quite yet. Have you? Just in case, let's remember together next Sunday.  
David

Praying for YOU!

Months of separation and isolation have left us all feeling disconnected. To overcome that, we're searching for all kinds of ways to enhance people's sense of connection to one another and the church as a whole. That process begins with prayer. Each week, we'll be listing about 20 names in the newsletter for you to pray for during the week. Over the next several months, we'll be working our way through the church roll (backward alphabetically) so that everyone is lifted in prayer. You may not know these people personally, but that doesn't matter. Praying for someone by name is a powerful way to experience a connection beyond physical distance. We'll be connected by the Spirit and the power of praying for one another.

Dear First Church, As they have been since March of 2020, our church Board of Stewards has continually tracked the COVID-19 pandemic, sought advice from health experts, and set our church's best practices for how and when we gather safely. Following the Center for Disease Control's advice has served us well. One of those best practices has been to require people to wear masks in our building at all times. However, the CDC's recommendations are different for each community, and our community is experiencing a period of low risk. Therefore, our Board of Stewards has adopted a new mask policy based on the CDC's recommendations.

Recently, the CDC developed Community Levels to help communities and organizations make more informed decisions. The COVID-19 community level is determined by the new hospital admissions and inpatient beds metrics and the current level of new cases per 100,000 population in the past seven days. Based on these metrics, each county is placed in levels of HIGH (Orange), MEDIUM (Yellow), and LOW (Green). There is an online tool to search for the current community level for each county.

The CDC's levels are updated every Thursday, and we will do our best to communicate to the congregation any changes to our current level before Sunday mornings. Therefore the eNewsletter will be sent on Friday morning with the current community level; and signs will be posted at each entrance on Sunday morning for clarification.

The Board of Stewards' new policy is that when Pulaski County is in the LOW (Green) level, masks will be optional in the church building. When levels are Medium (Yellow) and High (Orange) masks will be mandatory. Pulaski County is now at the Medium (Yellow) level. Therefore, masks will be mandatory this Sunday, April 3rd.

As our policies have changed, you have all been so cooperative with our procedures, including wearing masks and being patient. Thank you for making community health an act of faith. I pray this change will be yet another enhancement to our worship experiences and the movement of the Holy Spirit through our community of faith.

Gracefully, David

Rev. Brittany Richardson Watson to lead our Children's Ministry Recently, SPRC announced that Rev. Brittany will be our new Pastor to Kids and Families. We are so privileged to have her share her deep gifts with us in new ways. Between now and Easter, she will transition away from her work in adult spiritual growth as the Pastor of Neighboring. We are currently working on a plan for continuing the great work Brittany has started in that area and new staff leadership for it. Stay tuned for updates.

Big Changes for Backpacks for Kids We are preparing to wrap up another year of our ministry Backpacks for Kids that provides weekend food bags to students at our partner schools Booker Arts Magnet and Washington Elementary. Next year will be a BIG change for this ministry. We will spend the summer doing a rebrand and revamp, because things are changing to align with our relational dreams for every ministry. Check out this picture for just ONE teaser. We will be moving the ministry from the Church basement straight to the halls of Washington Elementary. We are excited to be closer and build stronger relationships. Go Wildcats!

Card fronts for Betsy Betsy Hoffman needs your greeting card fronts for her card making ministry. She has a wonderful way of bringing joy to the lives of others by repurposing cards you have received. Betsy only needs the front of the card, not the back where personal messages have been written.
